TRACTION COMPANY TO CROSS THE CREEK

Project Now Under Advisement to Build a New Bridge to Mechanicsburg.

As forecasted in the Sun several weeks ago, the Paducah Traction company hopes to shortly extend its lines into Mechanicsburg, and in order to do so, it will be necessary to cross Island creek.

A project to construct a new and modern bridge over the creek is now being considered by General Manager Beecker, of the Traction company, and President George O. Ingram, of the board of councilmen, representing the city.

It is believed that by the next regular meeting of the legislative boards the negotiations will be sufficiently advanced to justify a formal report to the general council.

The present bridge over Island creek will not suffice for a street car line. It is rapidly nearing a condition which will make it unsafe, and

the plan suggested by the Traction company is for the city and the company to unite in building a substantial bridge that will cost \$17,500, each paying half.

The proposed structure will last for years and years. It will have a place in the center for car tracks, and on each side of the track will be a driveway for vehicles, while the walks for pedestrians will be nearest the railing.

The present bridge over Island creek at Fourth street is the third to be built there. If a new bridge is built in a few years, it will cost much more than the city's half of the bridge now proposed to be built to Paducah's thriving suburb.

The people of the South Side will take a great deal of interest in the move, because it means an extension of the car line into the rapidly growing manufacturing district of Paducah.

A CAR STRIKES CAPT. W. C. CLARK

Venerable Representative and Former Postmaster Hurt.

Was Crossing Broadway Near Third
Street When Hit By the
Car.

INJURY SERIOUS OWING TO AGE

Capt. W. C. Clark, retiring representative in the general assembly from McCracken county, and former postmaster of Paducah, had a hairbreadth escape this morning about 10 o'clock on Broadway between Second and Third streets, by being struck by street car 51 and rendered unconscious. Many at first thought he was killed, but after being taken home he revived, and while it is believed that his injuries are not necessarily dangerous because of his age, 74, it is uncertain.

Capt. Clark was walking down Broadway, between Third and Second streets. Whether or not he meant to cross the street is unknown, but when car 51, east bound, of the South 6th street line, approached he was in the street within a few feet of the track, and kept getting closer to the track all the time. The motorman, J. S. Bagby, states that he rang his bell and yelled at the man, but about the time the front of the car was at him he had gotten so near the track that his right side extended over enough for the car to hit him and he was knocked to the street and rendered unconscious.

The accident happened in front of John Daugherty's store, a few feet from Rudy, Phillips & Co.'s, and he was carried into the store of Mr. Daugherty. Dr. L. L. Smith and Dr. Frank Boyd were soon at his side and revived him in a few seconds. After a hasty examination they found that he was not suffering from any serious injuries but was badly bruised. They dressed his wounds and sent him to his home, at 507 South Fourth street, in an ambulance.

When Capt. Clark revived he asked what was the matter and remembered nothing of the accident. He wanted to know what he was doing with a street car and how it happened. His face was bruised and skinned on the right side and his hands were injured in a like manner. His right side was painful from bruises but the doctors said there were no bones broken.

Capt. Clark is 74 years old and one of the best known Democratic politicians in the western end of the state. He is McCracken's present representative, but retires with the month of December. He was Paducah's postmaster for a number of years under Grover Cleveland.

Motorman Bagby stated to a Sun reporter that he did everything possible to keep from hitting Mr. Clark and had no idea that he was going on the track. He said that he rang his bell and also warned him by shouting to him, but he paid no attention to it. Conductor E. C. Matlock was

on the car but he stated he did not see the accident.

At press time Capt. Clark was resting well. He was asleep and the doctors have hopes that he will entirely recover in a short time. On account of his age he will be laid up several days however at the least.

LOOKS GOOD TO PADUCAH COMMERCIAL CLUB

Tonight the directors of the Commercial club will hold an important meeting. The nature of the business to come up is not given out, but it is said to be relative to the visits of nine capitalists and representatives of capital who visited Paducah last week and at previous dates during the past few weeks.

Secretary Coons stated today that the board had a line on many enterprises and was gradually working down to a point where it seems favorable to capture a few of them.

HEADS OFF

PRESIDENT ROOSEVELT DISMISSES U. S. ASSISTANT TREAS.

He Violated Civil Service Rules—
Approves a Court Martial
Sentence.

Washington, D. C., Nov. 27.—President Roosevelt today removed from office W. S. Lieb, United States assistant treasurer at Philadelphia, for violation of civil service rules. The president wrote Lieb a long letter setting forth his reasons for the action.

A Captain Dismissed.

Washington, D. C., Nov. 27.—The president has approved of the sentence of dismissal in the case of Captain Barry of the twenty-ninth infantry, convicted by court martial at Vancouver Barracks on charges of drunkenness on duty and other offenses. Barry is a graduate of West Point and a native of Kansas.

SAWMILL BURNED.

Askins & Dircks' Plant Destroyed at
Union City, Tenn.

Union City, Tenn., Nov. 27.—Fire destroyed the saw and planing mill of Askins & Dircks, entailing a loss of some \$9,000 with but \$2,000 insurance. The origin of the fire is unknown, but it is thought to have originated from a spark from a passing engine on the Nashville, Chattanooga and St. Louis, which passed just a few minutes before the fire was discovered.

Painfully Hurt By Kindling.

Mrs. Clarence Ballowe, wife of the well known blacksmith, while splitting a piece of kindling Saturday afternoon at her home on South Fourth street, was painfully hurt by an end of the stick breaking and striking her in the mouth, knocking three teeth out.

THIRTY KILLED IN WRECK NEAR BOSTON

Horrible Railroad Disaster On the Boston and Maine.

Fog Causes a Mistake in Signals—
Many People Are Hurt in the
Smash.

THE ENGINEER AMONG KILLED

Boston, Mass., Nov. 27.—It is now known that thirty persons lost their lives in the wreck of the Montreal express at Baker's Bridge station last night. Thirty-one of the injured are in hospitals.

After the crash the cars caught fire and many of the injured were cremated and the scene of the wreck is horrible.

Five members of one family met death. The only explanation of the wreck is that the engineer, who is dead, misunderstood the signals.

The wreck is the most disastrous in this state in many years and occurred at 8:15 o'clock on the main line of the Pittsburg division of the Boston and Maine railroad. The regular Sunday night express which left Boston at 7:45 o'clock for Montreal, via the Rutland system, crashed into the rear of a local train which started from Boston at 7:15. Sixteen were killed outright. Many passengers sustained minor cuts, bruises and burns.

The Montreal train was drawn by two locomotives and consisting of nine cars, crashed into the local demolishing the two rear cars.

All passengers killed and seriously injured were in these. None of the passengers on the Montreal train were seriously hurt.

The wreckage caught fire and some passengers were incinerated. Uninjured persons and a number of train hands, assisted by villagers went to the aid of the injured and many persons were rescued.

According to the statement of persons at the depot the brakeman, had been sent to place a fuse or red fire torch, some distance in the rear. The night was unusually dark, partly owing to a dense mist which came up the Sudbury river. According to those at the station at the time the torch had not been set more than a minute before the roar of the heavy train around the curve a short distance east of the depot was heard. Within a few seconds the headlight on the rushing locomotive showed through the mist and before a hand could be lifted to warn the passengers in the waiting train, two engines, traveling at the speed of thirty-five miles an hour crashed into it.

Loss Only 18.

Boston, Nov. 27.—Twelve people supposed to have been lost in the wreck last night have been accounted for. The lost now number eighteen but may be increased.

SUPREME COURT.

Declines to Interfere With the Sentence of Mrs. Rogers.

Washington, D. C., Nov. 27.—The supreme court of the U. S. today declined to save Mrs. Mary Mabel Rogers, the Vermont murderess, from the gallows and so far as the supreme court is concerned the woman will have to hang on the date set, Dec. 6.

Many Ships Wrecked.

London, Nov. 27.—Numerous telegrams telling of wrecks as a result of yesterday's storm continues to arrive. The steamer Paridot is reported wrecked on the coast of Antrim and eight bodies have been recovered there.

Y. M. C. A. Meeting.

The former directors of the Y. M. C. A. together with the ladies' committee are called to meet the ministers of the city at the parlors of the association Tuesday morning at 10 o'clock, to discuss the assignment and other important matters.

Damage From Hurricane.

Brussels, Nov. 27.—Considerable damage was done buildings by a hurricane which swept over the city last night. The electrical works collapsed and several persons were injured.

Warship Is Safe.

Gibraltar, Nov. 27.—The report that the battleship King Edward VII had foundered here was untrue. The warship is safely anchored in the harbor.

THE SULTAN WAVERS AND WILL YIELD

Reported He Will Announce His Decision Tomorrow.

Some Think the Stolid Silence May
Mean the Outbreak of a Holy
War in the Orient.

THE FLEET IS APPROACHING.

Paris, Nov. 27.—Advices received in diplomatic circles today indicate that the Sultan will yield to the demands of the powers for international control of the finances of Macedonia tomorrow. The Turkish ruler still objects to the word "control," in the demand made on him.

The Fleet Arrives.

Constantinople, Nov. 27.—The fleet of the allied powers arrived at the island of Mytilene.

To Occupy Mytilene.

London, Nov. 27.—A dispatch to the Reuter Telegram company states that a detachment from the international fleet which assembled to force the Sultan to adopt reforms in Macedonia, will be landed today and will occupy the island of Mytilene.

Silence is Ominous.

London, Nov. 27.—The ominous silence maintained by the Sultan of Turkey while the combined fleet of the powers is headed for Turkish waters under sealed orders creates the fear among diplomats here that the first shot from the foreign ships will start a "holy war" that may cause the killing of every Christian in the Ottoman Empire.

QUIETLY LYNCHED.

Negro Assailant of Aged Woman Executed by Mob.

Tangipahoa, La., Nov. 27.—Monroe Williams who confessed to criminally assaulting an old lady, Rhoda George, and implicated Popsey Knighton, was lynched.

Williams was taken from an officer yesterday afternoon by a mob and taken to the woods and at 8:30 last night he was hanged to a tree and shot.

Williams had been kept in the parish prison at New Orleans ever since his arrest, but was brought back to Tangipahoa recently for a preliminary hearing.

PERKINS TESTIFIES

In the Insurance Investigation About
Rebates.

New York, Nov. 27.—George W. Perkins was a witness before the insurance investigation committee today. He said he knew Tarbell received commissions on his own policies, but denied that he made the arrangements. The custom had been, he said, to allow rebates to officers of other insurance companies. He did not favor rebating but custom generally participated and he said he received commissions on his policies.

ONE CREMATED

In a Fire Which Destroyed East St.
Louis Hotel.

East St. Louis, Nov. 27.—Fire early this morning partially destroyed the East End Hotel. The smoke aroused a guest who warned the others and all escaped except Patrick Nestor of Pittsburg, who feared to jump from the window and was overcome by smoke and burned to a crisp.

MUTINY CONTAGIOUS IN RUSSIAN CITIES

A Number of Rebellious Soldiers Killed —Pillage and Murder Rampant.

St. Petersburg, Nov. 27.—Advices from Vladivostok say that a serious outbreak occurred among the soldiers yesterday and a number of soldiers mutinied and were killed. Three officers were wounded. Another seven ringleaders mutinied and forty others were placed under arrest.

Killed By a Bomb.

Saratoff, Russia, Nov. 27.—A bomb in the lodgings of a student of the name of Prokofeff, demolished part of the house and mortally wounded Prokofeff.

The Situation Is Menacing.

St. Petersburg, Nov. 27.—News today in regard to the outbreak of soldiers in the Manchurian army, shows that the situation is serious. The soldiers are demanding to be sent home immediately and threaten to kill the officers unless the demand is granted. The soldiers have received full information in regard to recent happenings in Russia and are in a revolutionary mood. The authorities here do not know how to meet the situation that has arisen.

British Agent Asks for Help.

Paris, Nov. 27.—The British agent at Sevastopol, Russia, has cabled for help, saying that life and property are no longer safe there.

Strike at Moscow.

Moscow, Nov. 27.—The strike here is spreading. Crowds of strikers are pummeling factories, private houses and state liquor shops. Military are working telephones.

The government committee of the Bourne met and passed a resolution urging the government to take energetic measures to stop pillaging.

The Sebastopol mutinous sailors have not yet submitted but on the contrary have received promises of support from crews of the battleship Panteleimon (formerly Kniaz Potemkin) and the cruiser Ochakov, and though they are in complete possession of "Admiralty Point," where the barracks are located, there was no disorder today and the situation is regarded as much improved.

The mutineers have been deserted by the Brest regiment, which marched off under arms to the camp formed by loyal sailors and sent a message to Vice-Admiral Choukain asking pardon and saying they were ready to return to duty. The crews of all the ships except the panteleimon and Ochakov refused to join the mutiny or answer signals of the sailors on shore. The men on the ships named have not yet risen.

Pillaging at Moscow.

Moscow, Nov. 27.—Crews of striking workmen, many of them armed with revolvers, continue to pillage factories and store houses of the better class. In several quarters of the city numbers of persons have been wounded by shots from the crowds. Attempts of police to restore order is ineffective. The cabmen and 5,000 domestic servants have joined in the strike.

The Hydra Headed Monster.

St. Petersburg, Nov. 27.—The successful mutiny of the sailors at Sebastopol accompanied by the first open revolt of an entire regiment of troops has created the greatest alarm in government circles and no attempt is made to disguise the seriousness of this latest crisis.

Mutiny is contagious and the epidemic of revolt, which has attacked in turn practically all the units of the navy from Vladivostok to Cronstadt,

is now feared, is destined similarly to spread through the army. General Linevitch it is reported, had to put down a mutiny, with considerable bloodshed and that subsequently he executed 42 officers.

Count Witte called an extraordinary session of the cabinet yesterday afternoon and another session was held tonight to consider the situation.

M. Souvorin, the editor of the Novoe Vremya, likens the situation to a hydra-headed monster, which no sooner than one of its heads is cut off, grows two in its place, adding that "unfortunately there is no Hercules in sight."

Patient Becomes Worse.

Chicago, Nov. 27.—A bulletin issued by Marshal Field's physicians today states that the patient's strength is falling.

A GASOLINE BOAT CAPSIZED IN FOG

The "Summer Girl" Turned Over Above Here.

Five Men Were Thrown Into the River
and Had Narrow Escapes
From Drowning.

BOAT FLOATED UPSIDE DOWN

There was a miraculous escape from drowning by a party of five men at Elizabethtown, Ill., forty miles above Paducah.

Five men left Elizabethtown in the gasoline boat "Summer Girl," which is a very small craft. They were going to Carversville, Ky. One of the party got up and walked to the side of the boat where the remainder of the party was sitting and his weight capsized the boat. All were dumped into the river and Bill Baker and George McCune came near drowning. The fog was very heavy and they got lost on the river and could not find the bar. The other three men, whose names could not be learned at the wharf this morning, got out without any trouble and their voices guided Messrs. Baker and McCune to land.

In front of Elizabethtown there is an immense sandbar and the boat was but a short distance from it when the accident happened. The men were all from Elizabethtown and were going to Carversville on business.

The "Summer Girl" floated bottom side up in the Ohio until it stranded on a sand bar. Charley Elmore, the well known harpist, who makes Paducah his headquarters, was in Elizabethtown at the time and would have gone out on the boat but refused an invitation because he did not want to take any chances in the deice fog.

Dying in Poor House.

John Stone is hopelessly ill at the county poor farm. He is a victim of consumption and Dr. J. T. Pendley county physician, went out this afternoon to see him. He says there is no hope for his recovery. He is thought to be dying. Mr. Stone has no relatives in or near Paducah.

A Carnival Company May Be Organized In Paducah For the Coming Season

Mr. J. H. Johnson, of Nashville, Tenn., arrived here this afternoon to confer with local carnival promoters regarding the organization of a carnival company with entirely new features.

Last week Mr. Johnson telephoned he would be here to make a proposition to the Paducah Carnival association for next year's attractions. L. A. Lagomarsino, one of the directors in the local association, then thought he wanted to make a contract to bring his company here next

May. Yesterday afternoon Mr. Lagomarsino received a message from Mr. Johnson to the effect that he would be here today to try and organize a carnival company to go on the road next spring.

Mr. Johnson has many new features to introduce the coming year and several local business men will meet him tonight or tomorrow. Mr. Lagomarsino was not in a position to state whether a company would be formed here, but thought the prospects were favorable if Mr. Johnson's representations were all right.

Theatrical Notes

Monday evening—Tolstoi's "Resurrection." Same production used last season by Miss Blanche Walsh.

Tuesday evening—Powhatan. Indian Comic Opera by Local Talent for benefit of Home of the Friendless.

Thursday, Thanksgiving, matinee and evening—Whitney's great musical comedy success, "The Isle of Bong Bong."

Saturday matinee and evening—"Fatty Felix" Comedy.

Miss Lillian Lancaster, (Mrs. Jas. Young), of Paducah, is playing in Louisville this week in Custer's Last Fight, in which she has been all the season.

Mme. Sarah Bernhardt, while in Chicago the past week, broke all dramatic records for box office receipts by taking in \$43,000 at the Grand opera house. The nearest she ever came to this figure before was \$28,000.

"No other dramatic company has ever reached the figure which represents our receipts last week," said her manager. "Great opera companies sometimes do this well, but they are able to take large auditoriums and to charge \$5 a seat. We have given two special matinees in Chicago, making ten performances for the week."

Seats are now on sale for the Indian opera "Powhatan." The indications are for a big house to witness the efforts of the talented amateurs in this brilliant little opera. The specialties, the dancers, the chorus, the principals—all are thoroughly rehearsed and a bright swift and sparkling entertainment can be confidently expected. This is the annual entertainment for the Home of the Friendless.

"Resurrection" promises to attract a large audience this evening, as it is the first time Paducah theatergoers have ever had an opportunity to see it. The Kentucky patrons are assured a fine entertainment by one of the largest and best companies of its kind on the road. The advance sale has been good.

NEW WATER PLANT

Will Be in Operation at Princeton December 15.

The water plant at Princeton, Ky., is nearing completion and it is estimated will be in running order by the 15th.

The plant has been under course of construction for many months, and only 2,000 feet of mains remain to be laid. The company has dug nine wells and built a reservoir with a capacity of half a million gallons. The plant has two air lift pumps. As soon as the 2,000 feet of mains are finished the plant will be given a test. On account of the defective water supply several disastrous fires have occurred in late years, one entire block burning less than two years ago.

A. Y. Ford May Re-enter Journalism.

In rather a roundabout way The State Journal learns that Mr. A. Y. Ford, for many years managing editor of the Courier-Journal, but who resigned a few months ago, presumably to take charge of a trade paper, will shortly re-enter daily journalism as the managing editor of the Louisville Herald. The Herald seems to have been walking on wobbly legs for some time, but report says that some one has "shaken the plum tree" and that salaries will come from now on with greater regularity.—Frankfort State Journal.

Two Weeks Yet Until Election.

The police commissioners will not meet until sometime next month to elect patrolmen, officers for the desk jobs, and chief. The board will meet in regular session on the second Monday in the month and it is presumed the election will be held then, there being no reason for a special meeting. The board however can elect at any time during the month.

DISPATCHERS ON NEW I. C. DIVISION TO BE AT PRINCETON.

Mr. Allan Jorgenson Will Have Charge of Them—Late Rumors of Changes.

The offices of officials who will manage the Nashville division of the I. C., part of which was formerly the Tennessee Central, will be distributed as follows, it is said:

Supt. Henry Scheuing will have his office at Nashville, also the roadmaster. While no official announcement has been made, Roadmaster P. G. Bemen, of the Tennessee Central, will probably be given this office under the new arrangement. The Evansville district is now under the supervision of Roadmaster F. L. Thompson and this district will go to the Nashville headquarters, it is said.

The dispatchers, four in number, will be located at Princeton, working north and south with Mr. Allan Jorgenson, now chief dispatcher of the Evansville district, in charge. There will be trick men at Nashville and Evansville.

It is understood that the trains will be run as they are now after the creation of the new division until about the 10th when a through service train will be put on. This will be one of the biggest and most up-to-date trains run with every modern convenience and comfort for the traveling public.

Mr. C. E. Thomas, general superintendent of water supply of the Louisville division of the I. C., passed through Paducah yesterday en route home to Chicago after a tour over the Tennessee Central road.

Mr. Thomas inspected the part of the T. C. leased by the I. C. to see what improvements, if any, were needed. It is not known what will be done about the water supervisor on the Nashville division.

Mr. Clarence Knowles is superintendent of water supply of the Louisville division and had also the Evansville district under his supervision. It is expected that the Nashville division will also be placed under his supervision of Mr. Knowles, but that he will be given another assistant to look after it.

We Will Buy

You a Bottle of Liquezone, and Give It to You to Try.

We make few claims of what Liquezone will do. And no testimonials are published to show what it has done. We prefer that each sick one should learn its power by a test. That is the quickest way to convince you.

So we offer to buy the first bottle and give it to you to try. Compare it with common remedies; see how much more it does. Don't cling to the old treatments blindly. The scores of diseases which are due to germs call for a germicide. Please learn what Liquezone can do.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cures, scattered everywhere, to tell what Liquezone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquezone can do.

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Asthma, Gout, Gonorrhea—Gleet, Hay Fever—Influenza, La Grippe, Leucorrhea, Malaria—Neuralgia, Piles—Quinsy, Rheumatism, Scrofula—Syphilis, Skin Diseases, Tuberculosis, Tumors—Ulcers, Throat Troubles.

Also most forms of the following: Kidney Troubles, Liver Troubles, Stomach Troubles, Women's Diseases, Fever, Inflammation or catarrh—Impure or poisoned blood—usually indicate a germ attack. In nervous debility Liquezone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today; for it places you under no obligations whatever.

Liquezone costs 50c. and \$1.

It is said that several well-known river men of Nashville will organize a dry dock company there to be known as the Nashville Dry Docks Co. They will build a box dock 50x200 feet and do all kinds of repair work.

The Cape Girardeau and two barges, belonging to the Lehye fleet, arrived today to go into winter quarters. The Lehye fleet winters here every year.

The Kentucky got out Saturday evening at 5 o'clock for Waterloo, Ala. She had a big trip.

The City of Savannah arrived today from St. Louis for the Tennessee river.

The Tennessee is due from the Tennessee river and has a large cargo of peanuts for this port.

The Bob Dudley arrived last night Clarksville, Tenn.

The Rees Lee passed down from from Nashville and left at noon for Cincinnati for Memphis at 10 a. m. Sunday.

The Peter's Lee arrived from Memphis for Cincinnati at 6 p. m. Sunday and she leaves Cincinnati on her return trip Wednesday evening.

The City of Saltillo is due from the Tennessee river for St. Louis.

The White Oak the large gasoline boat built at Jeffersonville, arrived Saturday evening on her way to Decatur, Ala.

The Charleston is still aground at Toad's bar at the head of Owen's Island. She will have to lay there until a sufficient rise comes to float her off.

The large Barrett line barge is off the ways after being given general repairs.

The Victor has been hauled out on the ways for repairs.

The big transfer barge of the C. & E. I. railroad will be off the dry docks this week and another will be taken on.

The stage of the river today is 6.0 feet on the gauge, a fall of 1.0 since Saturday.

The Dick Fowler left at 8:15 for Cairo with a fair trip.

The Royal arrived at 10 a. m. from Gokonda and left on her return trip at 2 p. m.

The Joe Fowler and John S. Hopkins, looking like brand new boats, arrived Saturday night from Mound City, where they were repaired. The Hopkins left at 10 a. m. for Evansville and tomorrow at that hour the Joe Fowler will leave for that port.

There will hereafter as long as the water permits be a daily packet between Paducah and Evansville.

The George Cowling made her regular trips to and from Metropolis today.

Yesterday was a beautiful day and hundreds of people were on the river front. A large number took advantage of the day and went boat-riding.

The Henry Harley got in last night at 12 o'clock from Evansville and as

Eljah Matthews, of Owensboro, has signed as second clerk on the steamer Henry Harley. Matthews is a well known clerk, and has run on Ohio and Mississippi river boats.—Evansville Journal News.

The Collins & Hartwig Coal company, of Cincinnati, has sold the towboats Val P. Collins and Catherine Davis and 100 coal barges to the Guyan Valley Fuel company. Capt. Fred Hartwig has built a coal digger for this company. The Guyan Valley Fuel company will take possession at once and start to ship coal by barge from Huntington, W. Va.

The report that marine hospital patients would be brought to Paducah from Evansville, St. Louis, Louisville and Cairo in case marine hospital there is abolished, is without foundation. About eleven of the twenty-three marine hospitals in the United States are to be abolished if the recommendation of the department is concurred in by congress when it next meets and acts on the question. If the marine hospitals at the above named places are abolished however it will mean not that the patients are to be brought to Riverside hospital in Paducah, but that they will be cared for in some of the hospitals in the places named under contract, as those here are cared for at Riverside hospital under contract. If the marine hospitals are abolished, it will be because the government finds it cheaper to have the patients placed in private hospitals, and there would be no necessity for paying

LET YOUR STOMACH
HAVE ITS OWN WAY

Do Not Try to Drive and Force It To Work When It Is Not Able or You Will Suffer All the More.

You cannot treat your stomach as some men treat a balky horse; force, drive or even starve it into doing work at which it rebels. The stomach is a patient and faithful servant and will stand much abuse and ill treatment before it "balks," but when it does you had better go slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomachs work by starving themselves. They might cure the stomach that way, but it would take so long that they would have no use for a stomach when they got through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work.

Stuart's Dyspepsia Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food in a glass jar with one of the tablets and sufficient water and you will see the food digested in just the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body take one of Stuart's Dyspepsia Tablets after eating—eat all and what you want—and you will feel in your mind that your food is being digested because you will feel no disturbance or weight in your stomach, in fact, you will forget all about having a stomach, just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural elements of the gastric juices and other digestive fluids of the stomach. It makes no difference what condition the stomach is in, they go right ahead of their own accord and do their work. They know their business and surrounding conditions do not influence them in the least. They thus relieve the weak stomach of all its burdens and give it its much needed rest and permit it to become strong and healthy.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. They are so well known and their popularity is so great that a druggist would as soon think of being out of alcohol or quinine. In fact, physicians are prescribing them all over the land and if your own doctor is real honest with you, he will tell you frankly that there is nothing on earth so good for dyspepsia as Stuart's Dyspepsia Tablets.

Dead in Michigan.

Mrs. Minnie Bequette, aged 46, died at Traverse City, Mich., from dropsy after a several months' illness. She was wife of Jacob Bequette, a sawyer at the Ferguson-Palmer mill, and lived at 2009 Broad street. She became so ill about seven weeks ago that a change of climate was advised and she was taken to Traverse City. She did not improve, however. Her husband went for the remains, which arrived today. The funeral will be at 9 o'clock tomorrow morning, services by the Rev. Father Jansen, burial at the Catholic cemetery.

AN OLD PROJECT

Have Made a Proposition to Citizens of Wickliffe—Same Thing Undertaken 13 Years Ago.

WANT WHOLE RIVER FRONT

Mr. John F. Cahill, of St. Louis, was in Wickliffe, yesterday for the specific purpose of securing the river front and land belonging to the Wickliffe Land Co., for wharves, warehouses and terminal facilities for the Ocean-River Steamship Co., which is now being organized with a capitalization of one million dollars, says Saturday's Wickliffe Yeoman. After investigating the facilities and advantages of other river points it has been found that this city affords deeper water, at all times unobstructed by ice, to the gulf, than any other place in the heart of the Mississippi valley.

Mr. Cahill addressed a meeting of representative citizens, and members of the Wickliffe Land Co. at the court house yesterday afternoon, and made a very liberal proposition to our citizens, and a movement was started to secure the river front, and it is safe to say that this land will be secured in a very few days.

This is no new thing to the older citizens of Wickliffe. It will be remembered that thirteen years ago a Mr. Lucas spent some time here with a similar proposition which was never carried out on account of the death of Mr. Lucas. Mr. Cahill was associated with Mr. Lucas in that enterprise. Since then he has perfected his ocean-river steamship and secured valuable concessions from South American countries, and as soon as his company is organized the work of building his first ship will be commenced, which will put Wickliffe in touch with all parts of the world.

LOS HIS CASE.

Revenue Agent Lucas Appealed Telephone Suit at Hopkinsville.

Revenue Agent Frank A. Lucas, of Paducah, visited Hopkinsville Saturday, his presence being necessary on account of the hearing of the suit which he had filed against the Cumberland Telephone company. Agent Lucas sued the company for back taxes for the years of 1901 to 1905 inclusive and the agent's penalty of 20 per cent for collecting on \$5,000,000 worth of property, but the attorneys for the defendant filed a demurrer to the petition. Judge J. I. Landes acted as special judge in the case and after hearing the argument of each side sustained the demurrer. The plaintiff prayed an appeal to the circuit court which was granted.

In the case brought by Agent Lucas against the Christian County Missionary and Sunday School Association, trustee of the John Smallwood fund, the case was reinstated on the docket after an order of dismissal had been made on Nov. 15, for lack of prosecution. Agent Lucas stated that he had received no legal notice that the case was set for hearing on Nov. 15, and consequently was absent. This suit was brought for back taxes for the past five years and the 20 per cent penalty for collecting on \$50,000.

A FIELD CLUB

Is to Be Organized in Nashville By Insurance Men.

Following the recent disbandment of the Kentucky-Tennessee Board of Fire Underwriters, the special agents of Tennessee will hold a meeting in Nashville during the first week in December for the purpose of completing the organization of a Field club says the Nashville Banner. It is understood that the proposed organization will be for the prevention of fire waste and the promotion of good practices. It is further understood that no attention will be paid to the question of rates under the provisions of the law. At the conference in Louisville the question of organizing received favorable consideration and was referred to a committee, who will draft a constitution and bylaws. The committee consists of U. F. Moss, J. J. Purcell, J. K. Polk, Verner Kline, Hugh T. Nelson, W. T. Drennan and H. B. Hart.

COLE'S HOT BLAST

Wonderful Heater and Fuel Saver

For Soft Coal, Lignite or Hard Coal

Cost of Stove Saved in Fuel

Shows Stove
Burning
Soft Coal

As you know one-half of soft coal is gas—the entire gas supply for many cities and towns being made from the same kind of soft coal you are using.

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas.

Other stoves allow this gas, which is the best part of the coal, also a large part of the heat, to pass up the chimney. This waste will average from \$10.00 to \$50.00 a year for every family and millions of dollars in fuel are thus wasted annually.

The Original Cole's Hot Blast Stove

Saves All Wasted with Other Stoves

Cole's Original Hot Blast, by means of the Patented Hot Blast draft used in connection with other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal.

On account of the patented air tight and gas tight construction giving perfect control over the drafts, it also saves the heat usually wasted up the chimney.

\$5.00 worth of hard coal, soft coal or lignite, or a \$1.50 ton of slack or coal siftings is thus made to do the work of twice the amount of fuel in other stoves and the cost of the stove is more than saved in fuel each winter. \$7.50 worth of slack will heat your house all winter, five tons at \$1.50 a ton does the work.

Build only One Fire a Winter

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the hard coal or soft coal put in the night before. No other stove does this. Fire, therefore, never goes out, kindling fires is dispensed with, and the rooms are kept at an even temperature all the time.

Read the Guarantee. We are the exclusive agents for Cole's Original Hot Blast and sell it on the accompanying guarantee which cannot be made on any other heating stove in the world. If you want to save half your fuel bill and would enjoy the luxury of getting up in a warm house on cold winter mornings without kindling fires, buy Cole's Original Hot Blast now.

Avoid Imitations

Imitations of this Original Hot Blast are many. None of them has the absolutely air-tight and gas-tight construction throughout which Cole's Hot Blast has by reason of its numerous patents. A Patented Steel Collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The Patented Compound Hinge on the lower draft cannot warp, and the draft door closes air-tight by its own weight. The guaranteed Smoke-proof Feed Door prevents smoke, dust or gas escaping when fuel is put in the stove.

Imitations soon open seams and cracks which spoil them for keeping fire and cause the gas half of the coal and much of the heat to escape up the chimney.

See the name "Cole's Hot Blast from Chicago" on the feed door of our stove. None genuine without it.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

A Monkey's Revenge.

Louisville, Ky., Nov. 27.—Patrick Long, of Cincinnati, an employee of Robinson's circus, had his right foot amputated at the city hospital here. He is the victim of a monkey's revenge. He drove the monkey cage for the circus and had charge of the animals. One large ape stole the other simian's food, and Long whipped it. The monkey waited its chance and during the street parade at Camden, Ark., managed to get its paw through an aperture in the top of the cage and clutched Long by the back of the neck. The pain from the animal's claws caused him to lose his balance and fall under the wheels, which ran over his foot.

TAXING THE CITY FOR THE COUNTY.

In connection with a better system of taxation the Henderson Gleaner raises a question as to the injustice of making the city tax payer, already overburdened with taxes, pay a large part of the expenses of keeping up county roads, while the county taxpayers pay nothing towards keeping up the streets of the city. The Gleaner believes the legislature should devise some means of equitably distributing the funds so the city taxpayer will get a square deal, and the county taxpayer will get equally as much and no more. Says the Gleaner:

"The Gleaner believes come adjustment of this matter should be made, as a matter of justice to the city taxpayer. It would be our idea that perhaps the city taxpayer should pay something towards maintaining the roads of the county. Say this is true. What would be an equitable division of the amount the city taxpayer pays in this way? All of what the county taxpayer pays goes on the roads outside of the poll tax and ten cents for general purposes. All of what the city taxpayer pays except the poll tax and ten cents for general purposes goes on the roads outside the city. The city taxpayer is getting the hot end of it. Would it be unfair or inequitable if the fiscal court should be required to appropriate for the use of the city in maintaining its streets as much as one-half the amount the city taxpayer pays? In other words would it be wrong in principle for the city taxpayer's money to go one-half upon the roads outside the city and the other half go on the streets inside the city, while all the county taxpayer's money goes outside the city?"

In McCracken county the city taxpayers contribute more towards the maintenance of the county outside the city, than the residents of the county do themselves. Yet they have practically nothing to say about how the money shall be spent. They pay more for maintaining the county roads than residents outside of the city pay, but the latter do not contribute one cent towards keeping up the streets of the city. The city has representatives in the fiscal court, but they usually pay no attention to the city. They seem to think they are put there to look after nothing except the county outside the city, and the city receives practically no consideration. There seems to be no doubt but that some sort of a readjustment is advisable, but just what it is, and how it can be managed, is not clear, and the thinking people should consider it. We shall be pleased to hear from some of them,

and ascertain what their ideas are.

A Louisville judge has decided that docking horses is contrary to law. He says that 1246 of the Statutes is sufficient to prevent the docking of horses. It reads: "If any person beat, torture, use or otherwise mistreat any horse or any other beast whether it be their own or that of any other person, he shall be subject to a fine of not less than \$10 nor more than \$100." This law, ungrammatical as it is—"If any person beat * * * their own or that of any other person"—seems to fill the bill, and should be enforced.

A great deal has been said about the right of the council to reduce salaries, add to and take from duties of officers, consolidate offices, etc. The charter, Section 3064, says on this subject: "The general council, unless otherwise provided by law, shall fix the salary and compensation and prescribe the duties of all officers, deputies, and employees of the city, except as to the officers in office when this act takes effect."

According to Mr. Haldeman, both the Paynter and the Blackburn factions have asserted that his candidacy was in the interest of the other man. Mr. Haldeman's letter agreeing to become a candidate for United States senator, however, indicates that he is not out in the interest of either, but for the real thing—the office itself.

Hon. Henry Watterson has announced positively through the Courier-Journal that he would not have any office no matter what it is, and no matter if he could get it unopposed. That he will die as he has lived—a journalist, and that if he had wanted public office he would have sought it thirty years ago.

THE BROCKWELL CASE.

Controversy Over Custody of the Girl Comes Up Tomorrow.

County Judge R. T. Lightfoot has set for trial the case where grandparents of Hazel Brockwell desire to adopt her, for tomorrow morning at 10 o'clock.

The girl's grandparents wish to take her out of the Home of the Friendless and adopt her, while the officers of the home desire to give her an education and then place her in a good family.

The grandparents have procured an attorney to represent them. She is the daughter of Mrs. Mary Brockwell who is serving a life sentence in the state penitentiary for the murder of her three children.

CITY TAX NOTICE.

City taxpayers are hereby reminded that the last half of their city taxes are due since November the first.

After December the first ten per cent. will be added to all unpaid bills. We desire to give everyone an opportunity to escape this penalty.

Kindly call at the city treasurer's office city hall, and settle as soon as possible, and thus avoid the discomfort and delay so unpleasant to all in the rush of the last days.

Very Respectfully,

L. P. Head Comes Out for Paynter—Campbell Wavers.

Important Meeting of First District Democrats in Paducah Yesterday.

WHO WILL BE NEXT SENATOR?

A very significant meeting of democratic politicians from the First district of Kentucky was held at the Palmer House yesterday, which lasted all day and finally resulted in a declaration from Mr. L. P. Head, the democratic representative-elect from McCracken county, for Judge Thomas Paynter for United States senator to succeed Senator Jo Blackburn. This stand did not come as a surprise to Mr. Head's friends, for they had understood he was a Paynter man.

The candidacy of Mr. W. B. Haldeman, of Louisville, for the United States senate was regarded, judging from statements of these First district political magnates, as a piece of unmitigated "nerve." They claim that he has done as much as any other man in Kentucky to disrupt the party, and branded him as a demagogue and booby, one asserting that he was still a member of the John Young Brown executive committee.

The politicians were so outspoken in their views that they called in newspaper men and communicated the fact that they were willing for the public in general to know how they feel about it.

Mr. L. P. Head in coming out for Judge Paynter does so in the following statement:

"I told the people of this county in my canvass that I would vote for the man I believed best qualified to represent Kentucky in the United States senate. I have gone over the situation carefully, considering the claims of both Blackburn and Paynter. After due deliberation I have decided to vote for Judge Thomas Paynter, believing that in him Kentucky will have an able representative."

"Much has been said of the bitterness engendered by the contest between Blackburn and Paynter. So far as I can determine the bitterness, if any, has been brought about by absurd and undignified statements of Senator Blackburn and the very evident efforts of himself and friends to disrupt the democratic party organization in Kentucky and turn the state over to the republicans."

"Besides, in my opinion, thirty years is long enough for any man to be in congress."

"I am not for Haldeman on any part of the ground. The fight should be, and will be between Blackburn and Paynter, and I believe Paynter will win."

"I am for Henry Lawrence, of Cadiz, for speaker of the house of representatives."

Senator Wheeler Campbell stated that he had publicly declared himself for Blackburn and he would vote accordingly. He was asked if he would vote for Mr. Blackburn all the time, but he would not state. It is believed by Mr. Campbell's friends that he will vote for Blackburn on the first ballot and then go to Paynter, but Mr. Campbell has not made any such statement.

As to Mr. Haldeman the following verbal resolution was made:

"Mr. Haldeman in 1895, in the hour of its greatest necessity, turned traitor to the party, voting the gold standard and booby for Palmer and Buckner, and now in the hour of the party's ascendancy he offers himself as its saviour."

At the meeting present were the following democrats: Hon. Henry Lawrence, of Cadiz, candidates for speaker of the lower house; Conn Linn, of Murray, state senator-elect; Zeb A. Stewart, of Calloway county, representative-elect; Dr. Milton Board, of Hopkinsville, superintendent of the Western Kentucky asylum; Hon. Felix Grasty, of Cadiz; Judge Bunk Gardner, of Mayfield; State Senator Wheeler Campbell, of Paducah, and Representative L. P. Head, of Paducah.

Other politicians who were in the city were: Ed. Fennell, of Cynthiana, prison commissioner and candidate for re-election; Jesse Olive, of Marion, deputy warden at Eddyville and candidate for prison commissioner; George V. Green, of Hopkinsville, prison commissioner. He is a hold-over man.

Mr. Lawrence is making an active canvass for speaker and has the support of both Senator Campbell and Mr. Head. The present speaker is Hon. Eli Brown.

It was stated today by a politician close to the democratic state organization, that the next United States senator from Kentucky would be Governor Beckham. He said that the way things were shaping themselves neither Paynter nor Blackburn

would be able to win, and that when this became evident to the members of the legislature at Frankfort the factions would get together on Governor Beckham, towards whom many of Blackburn's friends and supporters are very friendly, although against his candidate for the United States senate. It is said that no man in Kentucky could break a deadlock and be elected United States senator with more ease than Gov. Beckham should it become necessary for his friends to put him up as a compromise candidate. It is not known whether Governor Beckham would accept or not.

Mr. G. W. Landrum, one of the most prominent democrats in Livingston county, was here yesterday and left this afternoon for his home in Smithland.

IN THE COURTS

Must Secure a Requisition.

Martha Wheeler, colored, who is alleged to have stolen \$50 from the home of Mr. Mike Iseman on August 4, refused to return to Kentucky from Cairo, where she is under arrest, without a requisition. She will be held there until the papers arrive. Detective T. J. Moore who went after her, returned from Cairo, Saturday night.

Y. M. C. A. Property Sold.

Assignee Harry Stiles has sold to the Eagles the Y. M. C. A. property at Sixth and Broadway, the price being \$675. It includes the gymnasium, the furnishings of the rooms, etc. The Eagles have also leased the building from Mr. W. H. Rieke, and will soon have one of the most popular headquarters in Paducah.

Is Rising Rapidly.

Many friends in Paducah of Attorney B. C. Seay, of Mayfield, will be pleased to learn of his rapid rise. He is considered one of the foremost young criminal lawyers of West Kentucky, and has been sitting as special judge of the Graves circuit court during the past week, when Judge Bugg was absent.

Winding Up Circuit Court.

Circuit Judge Wm. Reed is winding up the November term of civil court.

This morning he held a brief session but nothing of importance was done. This afternoon at 2 o'clock he convened court for an afternoon session. Only matters of minor importance are being brought up.

The case of Mrs. Rosa Robertson against Josie Sebastiane, was continued. It is a suit over the possession of property.

The cases of E. C. Terrell against J. C. McElraith and Rudolph Seavey against the I. C. were dismissed.

County Court.

Walter Webb, of Wickliffe, aged 23, and Blanche Rivers, of Maxon's Mills, aged 27, were Saturday licensed to wed. It will make the first marriage of both.

Miss Stonie Atchison was appointed administratrix of the estate of the late Mrs. Susan Sauer.

The motion appointing Mose Wilson administrator of Renzie Wilson was set aside this morning by County Judge R. T. Lightfoot.

Order in Y. M. C. A. Case.

County Judge R. T. Lightfoot this morning made an order in the matter of the assignment of the Y. M. C. A. The property is in the hands of the assignee, Mr. Harry Stiles, who filed a schedule of assets several days ago. The court directs a sale of the property at either public auction or private sale, but in case of the latter reserves the right of approving or disapproving the sale.

Back From Atlanta.

Deputy U. S. Marshal Geo. Saunders arrived this morning from Mayfield. He left last week with two prisoners convicted during the recent term of federal court and placed them in the prison at Atlanta. He returned to Mayfield yesterday from Atlanta.

Police Court.

Police Judge D. L. Sanders held a long session of court this morning. Lon Belt, Arthur Aday and Chas. Buck, white, for fighting in the Quaker saloon last week, were granted a continuance. Aday was absent from the city. The trial was set for Wednesday when he will be able to attend court.

Alex McCarty, white, was fined \$25 and costs for carrying a pistol. He gave bond on his appeal of the ten days' jail sentence and will attempt to secure a pardon for the jail sentence.

Roy Dunlap, colored, who carried two or three pistols, was fined \$25 and costs and given ten days in jail.

Other cases were: Dave Ham, C. Richardson, Coleman, white, and John Kelley and Will Fry, colored, drunkenness, \$1 and costs; Jim Bailey, colored, insulting language, continued; Will Stewart, J. B. White, breach of the peace, continued; L. H. Byers, white, bicycle theft, left open; Lee Berry, colored, breach of

Election Law Warrants.

County Attorney Eugene Graves stated this afternoon that he would before tomorrow issue warrants against election officers who failed to serve during the recent elections. The names of about 20 officers who failed to serve with their reasons, were forwarded to the election board at Frankfort by the election commissioners, and the board at Frankfort decided who was guilty of neglect and who not. The result was that six officers will be warranted. The names are kept secret until after service can be gotten on them. The penalty for a violation of the law is from \$50 to \$500.

Have Not Given Up Fight.

The street car men's local union states that the report in a Sunday paper that all the locked out street car men had gone to work in other lines of business, is erroneous. Only two of the men have gone to work for any railroad company and none has accepted employment on the street cars. Thirty men are still fighting for their demands.

People and Pleasant Events

Popular Couple Marry in the County Sunday.

The marriage of Miss Blanche Rives of the county to Mr. Walter Webb of Wickliffe, took place yesterday morning at 11 o'clock at the bride's home near Maxon's Mills. It was a pretty but quiet home wedding with only the relatives and intimate friends present. A dinner elaborate in its menu and decorations followed the ceremony. The couple left in the afternoon for Wickliffe where they will reside.

The bride is the daughter of Mr. and Mrs. T. M. Rives, prominent people of the county, and is an attractive young lady with a large circle of friends. She is a niece of Mrs. Harry Ashcraft of Louisville, formerly of this city. The groom is a popular young man connected with the I. C. railroad at Wickliffe.

To Marry Wednesday.

Miss Ollie Crandell and Mr. Edmund Henson will be married at the home of the bride, 435 South 19th street, Wednesday evening at 8 o'clock. The attendants will be Miss Nellie Hotchkiss and Mr. Albert Henson.

The bride is the pretty daughter of Mr. Lon Crandell, secretary of Central Labor union and was the Goddess of Labor last September. She will wear a dress of grey voile.

Mr. Henson is an employee of the Fowler-Wolfe Sheet Metal works, and a popular young man. The young people will go to Sturgis, Ky., after the wedding and when they return will live with the parents of the bridegroom at Fourth and Kentucky avenue.

Thanksgiving Reception at Home

The annual Thanksgiving reception for the Home of the Friendless will take place Wednesday afternoon from 3 to 5 o'clock at the Home, corner of 14th and Burnett streets. The board of managers will receive and everyone is cordially invited to call. These receptions are always pleasant events and are largely attended, and the Thanksgiving donations are a source of great help to the Home. There are at present thirty children in the Home.

CONVICTED ON ALL COUNTS IS BURTON

Senator Charged With "Grafting" Found Guilty.

The Maximum Punishment is Two Years in Jail and a \$10,000 Fine—His Second Conviction.

SENTENCE NOT YET PASSED.

St. Louis, Mo., Nov. 27.—The jury in the case of Senator Burton, of Kansas, charged with violating the federal statute by appearing as a paid attorney before the postoffice department to prevent the issue of a fraud order against the Rialto Grain & Securities company, of St. Louis, returned a verdict of guilty Saturday night.

The maximum punishment to which Senator Burton can be sentenced under his conviction is two years in jail and a \$10,000 fine. He can not be sentenced to the penitentiary. Conviction, however, causes him to forfeit his office as United States senator if the verdict is sustained by the higher courts.

Joseph R. Burton, United States senator, was first placed on trial Tuesday, March 22, 1904. A verdict of guilty was returned Sunday, March 27, and was read in court on Monday, March 28. On Wednesday, April 6, Judge Elmer B. Adams sentenced Burton to pay a fine of \$2,500 and to serve six months in the Iron county (Mo.) jail. The case was later reversed and remanded by the United States supreme court.

NOTICE OF SALE IN BANKRUPTCY.

In the District Court of the United States for the Western District of Kentucky in Bankruptcy.

In the Matter of Herman T. Hessig, Bankrupt.

Notice is hereby given that pursuant to a decree rendered herein on the 14th day of November, 1905, we, the undersigned trustees, shall offer at public sale to the highest and best bidder on the 27th day of December, 1905, at 10 o'clock a. m., at the court house door, in the city of Paducah, McCracken county, Ky., on a credit of six months, the purchaser to execute bond therefor, with good and approved security, bearing interest at six per cent per annum, with the privilege in the purchaser to pay cash at any time before said bond is due, free of liens and all claims whatsoever, the following described real estate, together with the improvements and appurtenances thereunto belonging, situated in the city of Paducah, McCracken county, state of Kentucky, to-wit:

(1) Five lots of ground numbered thirteen (13), fourteen (14), fifteen (15), sixteen (16) and seventeen (17), in block No. 1, addition "O" to the city of Paducah. Each lot fronts forty feet on the north side of Jones street, except Lot No. 17, which has only thirty feet front on said Jones street, between Ninth and Tenth streets, and each lot extends back 190 feet to an alley; being the same lots of ground conveyed to Herman T. Hessig, bankrupt herein, by George Yopp on the 11th day of January, 1904, as shown by deed recorded in Deed Book No. 73, page 339, in the McCracken county court clerk's office.

(2) Part of lot No. 1, block No. 28, addition "C" to Paducah, Ky., and beginning at a point the southwest corner of Eighth and Jackson streets; thence with the line of Jackson street towards Ninth street one hundred and seventy-three (173) feet and three (3) inches; thence at right angles and towards Ohio street forty-one (41) feet and six (6) inches; thence at right angles one hundred and seventy-three (173) feet and three (3) inches to the line of Eighth street; thence with the line of Eighth street forty-one (41) feet and six (6) inches to the place of beginning; being part of the same property conveyed to Herman T. Hessig by Philip Stephon by deed dated September 30, 1902, and recorded in Deed Book No. 68, page 145, McCracken county court clerk's office.

The property first above described will be sold separately in five lots and as a whole, and the highest price bid therefor will be accepted.

The lot of ground last above described will be sold as a whole. Said property has been appraised and the value of the property first above described returned at \$5,000.00, and the value of the property last described returned at \$2,500.00.

IN THREE MORE DAYS TIME WILL BE UP

The Limit for Re-Wiring Houses is Then Reached.

A Large Percent of the Work Has Been Done and Insurance Companies Probably Content.

SOME GOOD RESULTS OBTAINED.

Six months ago, lacking three days the board of underwriters of Kentucky and Tennessee gave the merchants and property owners of Paducah six months in which to perfect electrical wiring in Paducah or risk a raise of rates or the withdrawal of fire insurance protection of many companies. Since that time the Tennessee and Kentucky boards have dissolved, this being necessitated by an act of the Tennessee legislature. It is not thought that this will have an effect on Paducah, but that the insurance companies will still insist that the wiring be perfected.

"I do not think that it was the idea of the insurance companies to really withdraw or raise rates after the expiration of the specified time," Electrical Inspector Gilsdorf said this morning, "unless the results were bad, and this condition now does not exist. The merchants and property owners have shown a remarkable tendency to perfect wiring and many thousands of dollars have been expended in the past 6 months in new wiring. All requirements have been met with and I think the Kentucky board will not ask or expect more. The insurance men certainly did not expect to see all wiring in Paducah perfected in this time, because this would be an impossibility. The insurance men did want to see the inclination of the property owners, however, and I think the result could not be more favorable. I expect nothing in regard to raised rates or withdrawal of companies because wiring in Paducah has been completed within 60 per cent. in the business portion and this is great progress considering the conditions existing six months ago."

Inspector Gilsdorf is an energetic worker and compliments the property owners on their willingness to meet with all requirements.

It is said that since the complaint of defective wiring was lodged, only one big insurance company has withdrawn from operation here and that it wants to come back now and is only waiting to be admitted again. Insurance Commissioner C. A. Rose is still making his inspection and reports buildings and premises in better condition than ever before, a very good proof that the merchants concur in the belief of the insurance men that what benefits the insurance men benefits the merchant.

Saved By Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamiting would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her." LAST HALF OF TAXES.

For the City Will Be Due Friday—No Penalty Until Jan. 1st.

The penalty on city taxes does not as some seem to think, go on December 1st. The last half of the city taxes is then due but taxpayers have 30 days in which to pay it.

The charter Section 3184, says: "All valorem taxes shall be due and payable, without demand, therefore, at the treasurer's office, one-half each on the first of June and the first of December in each year, but the whole tax for the year may be paid on or after the first day of June. Tax bills not paid within one calendar month after they are due shall have added to them a penalty of ten per centum on the amount thereof, and shall bear interest at the rate of six per centum per annum."

DARK DESPAIR

Is Turned Into Praise—Man, Once Tired of Life, Relates a Remarkable Story of Relief.

FEARED MANIAC'S FATE.

Almost willing to give up in despair because of pain and misery brought about by sickness, a well known man of this city says that he was saved from probable madness by heeding the advice of his friends. Such was the story told by John Werner, who called yesterday at Smith & Nagel's drug store to give an account of his condition and his case was one of the kind that Payne said he is most pleased to hear.

Mr. Werner's story was as follows: "I have been troubled with stomach disorders for more than seven years and I also had terrible pains in my back and head. At times I suffered so that I feared I was going crazy. I was treated by physicians and I tried all the medicines I ever heard of, but nothing helped me, and instead I was growing worse.

"I lost all desire to live and could not work, eat or sleep with any degree of satisfaction. A friend urged me to call on Payne, but I felt as if it would avail me nothing. My family insisted that I should try Payne's remedies as a last resort and finally I called on him.

"He gave me encouragement and I tried the New Discovery medicine and the Quick Relief. I am thankful now that I did, for the results were astonishing. I never thought that medicine could act so quickly. I now feel like myself again, the pains have left me entirely. I eat and sleep well and I can do my work as well as any man. I heartily recommend Payne's Remedies to any one afflicted as I was."

Payne's Remedies can be obtained at all hours at Smith & Nagel's, Fourth and Broadway.

Liable For Injuries to Pedestrians

The San Francisco Recorder announces that the supreme court of California has rendered a decision holding the members of the board of public works and their surrogates liable in damages for injuries received by pedestrians by reason of defective sidewalks and making that board and its surrogates directly responsible for failure to keep the streets in proper repair.

Under the charter the board of public works and its employees are made responsible for the proper care and repair of the streets and are charged with the duty of compelling property owners properly to repair and keep in order the sidewalks in front of their property. The board is given power under Section 16, Chapter 2, Article VI, of the charter, to compel the abutting property owner to repair his portion of the sidewalk and to specify the material to be used in making such repairs; and in event of the negligent or refusal of the property owner to do the work it is clothed with power to enter into a contract with a suitable person to have it done, the contractor's charge to be a lien upon the property. Further than that, under Section 18, Chapter 2, Article VI, the board has the power to cause the arrest of owners in default, who may be fined for their neglect, the fines so collected to form a special fund for repairing sidewalks.—Chicago Legal News.

Work Weakens the Kidneys

Doan's Kidney Pills Have Done Great Service for People Who Work in Paducah.

Most Paducah people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework, lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Paducah cures prove it.

T. W. Woodson, of 40 South Ninth street, painter, employed with C. D. Warren, 408 1-2 Broadway, says: "Everypainter is more or less troubled with his kidneys on account of the nature of his work. We all know what causes it, but how to remove it is a mystery. I tried lots of medicine and different schemes but until I procured Doan's Kidney Pills at Alvey & List's drug store and took them I met with very indifferent success. They cured the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

UNDER WATER A WEEK.

Switch Engine Dragged Up Incline Yesterday.

Sunday morning about 10 o'clock switch engine No. 199, which had been submerged in the Ohio river at the foot of the local I. C. incline, nearly a week, was dragged out and is now in the shops for repairs.

The big engine Sunday night a week ago from yesterday, started down the incline with four cars, to gain a switch. The momentum gained by the engine and cars, two of which were heavily loaded, was too much for the engine and the brakes refused to stop the engine. She was abandoned by the engineer and fireman after it was seen they could do nothing with her, and the big machine with the cars jumped off the incline into the river. The cradle was yesterday pulled up the incline and the engine dragged out.

The engine is partially stripped of cab and the frail mechanism, but the machinery is not badly damaged. It is estimated that six days will be sufficient to repair and place the engine in service again.

SOUTHERN LEAGUE

Met and Re-elected Judge Kavanaugh—Salary Limit.

Memphis, Tenn., Nov. 27.—Judge W. M. Kavanaugh, of Little Rock, was unanimously re-elected president, secretary and treasurer of the Southern League of Baseball clubs. James Palmer of Nashville, was elected as vice president.

Judge Kavanaugh submitted his annual report, which showed that the past season had been a good one considering the difficulties encountered in the way of quarantines.

Judge Kavanaugh said that he had given the salary limit question close study, and it was his opinion that a resolution in line with his views should be passed. He favored making the resolution so strong that any club breaking the agreement should forfeit its franchise.

The salary limit was finally fixed at a figure considerably below \$300 a month and each club limited to 14 members.

The season is to open on April 11.

GOVERNMENT MAN VISITS PADUCAH

Mr. John H. Nelson, of Washington, Investigating

Tobacco for the Bureau of Commerce and Labor—Is at the Palmer House.

HE REMAINS HERE A WEEK

Mr. John H. Nelson, of Washington, D. C., special agent for the bureau of corporations in the department of commerce and labor, arrived last night and will be at the Palmer house for a short time on business connected with his department.

Mr. Nelson is here to investigate the conditions in this section in regard to tobacco. He has been at Henderson, Owensboro, and other Kentucky cities, and Paducah is one of the last cities in the state he will visit.

His duty is simply to make inquiry as to conditions, and to hear any grievances that may be filed with him. The information he seeks is neither for the department of agriculture nor for the department of justice, but for the bureau of corporations which reports directly to the president and he looks over the facts as secured for him through the department of commerce and labor, and decides on what legislation or other relief may be necessary, then recommending it in his messages to congress.

Usually the most valuable information is obtained from the leaf dealers and the growers, but so far as we are advised comparatively little dissatisfaction with conditions will be found in McCracken county and this section of the country, although in many counties in Southwest Kentucky the fight has been very bitter.

Mr. Nelson will be at the Palmer house all this week, and those who have grievances in connection with the subject he is investigating, should make a report to him at once. He will cheerfully hear all of them, and forward the results of his investigations to Washington.

THE SCHOOLS

Will Be Dismissed Wednesday For the Week.

The schools will be dismissed Wednesday afternoon for the remainder of the week on account of the Thanksgiving festivities, the pupils not being required to return until Monday the 4th.

There will be no special exercises in the high school but several grade teachers have arranged in many local schools for an afternoon program for Wednesday.

Miss Clara Anderson, of the Washington school, who has been ill for more than a week, was back on duty today but Miss Hattie Sherwin, who is suffering from two fractured ribs, is unable to be out yet.

The high school orchestra will tomorrow morning render a program instead of the regular weekly lecture delivered by some public speaker.

ANKLE BROKEN.

Son of Conductor Bakin Injured Saturday.

Robert, the 11-year-old son of Conductor D. A. Bakin, of 707 South Twelfth street, met with a serious accident Saturday afternoon late which will lay him up for several weeks.

The little fellow and several companions were playing on the Mayfield road. He jumped off a large rock and alighted in such a way as to break the right leg at the ankle.

Dr. J. T. Reddick was called and dressed the injury. The boy suffered a great deal but managed to toddle home before the physician was called not thinking the ankle was broken.

Tobacco Growers Committee.

The Dark Tobacco Growers' Protective Association committee held a meeting at Barlow, Ballard county, Saturday and Mr. Z. C. Graham, of Paducah, was awarded the contract to prize the tobacco pledged to the association and after it has been prized it will be stored in the Graham warehouse in Paducah. Mr. Graham will attend a meeting of the executive committee of the association in Calloway county, to place a bid for pricing or storing the tobacco pledged there.

Returned to Chicago.

Messrs. J. G. Neuffer and J. E. Baker, assistants to Supt. of Machinery Wm. Renshaw, have returned to Chicago after an inspection of the shops here. They had been over the Tennessee Central road on an inspection tour.

OFFICIAL BOARDS WERE INSTALLED

At Some of Methodist Churches Yesterday.

Large Congregations at the Baptist Church—Church at Little Cypress Dedicated.

THE NEWS OF OTHER CHURCHES

Rev. Gordon W. Hill of Louisville who has been assisting the Rev. Jno. S. Cheek of the First Baptist church in a protracted meeting, preached yesterday morning and evening to a crowded church. Chairs were put in aisles at the evening service. Dr. Hill delivered two able and eloquent sermons, and was heard with much interest.

Dr. Hill returned home today and Rev. G. C. Cates of Louisville will arrive this evening at 6:40 to continue the revival. Mr. Cates is a revivalist of note and will stay through several weeks. Dr. Hill came to prepare the way for Mr. Cates and there is already much interest being manifested. Services will be held at 10 a. m. and 7 p. m.

The services yesterday morning at the Broadway Methodist and Trimble street Methodist churches were of an especially solemn character and marked the inauguration of the new conference year. The installation of the newly elected official board of each church took place at the close of the sermon and was a most impressive ceremony.

Rev. T. J. Newell preached on "The Authority and Influence of an Office of the Church of God," at the morning service. Rev. J. H. Roberts, corner presiding elder of the Paducah district, assisted at the installation of the 28 church stewards. At night Dr. Newell's sermon was "God's Purpose in His Church."

Rev. W. W. Armstrong, of Trimble street preached on "Good Stewards" in the morning, previous to the ceremony of installation.

At the Third street Methodist church, Rev. P. H. Fields inaugurated the new conference year with a series of strong sermons to his church.

Rev. J. J. Halsaple of Greenville, Texas, filled the pulpit yesterday morning at the First Christian church, and preached an able sermon to an interested congregation. Mr. Halsaple has been visiting relatives in Calloway county.

At night a children's rally service was held with an especial musical program.

Dr. Pinkerton is expected home this week and will be in his pulpit next Sunday.

The Ministerial Association held the regular meeting this morning. The chief business transacted was a consideration of the Y. M. C. A. question. It was decided to hold a meeting tomorrow morning in the association parlors with the board of directors and the woman's committee to discuss the matter, and the call is made elsewhere in the paper. The ministers consider it a matter of great importance.

Rev. E. H. Cunningham of the Second Baptist church at the service last night, administered the rites of baptism to four persons and received two into the church. There was a large congregation present. Mr. Cunningham has just closed a very successful revival at his church.

Rev. Mr. Reeder, a visiting minister filled the pulpit of this church yesterday morning in the absence of Mr. Cunningham who dedicated a church at Little Cypress.

A Baptist church was yesterday dedicated at Little Cypress, Marshall county, and Revs. T. B. Rouse and E. H. Cunningham, of Paducah, conducted the services. Mr. William Hart, of Paducah, led the singing. There was a large crowd present, about fifty or sixty going out from Paducah on the early morning train. In the afternoon after the dedicatory exercises, there was a singing. There was dinner served on the ground.

The Grace church Guild will have a holiday fair next Saturday, 7th.

Friday, Saturday and Sunday the Jewish citizens in the United States celebrated with thanksgiving the two hundred and fiftieth anniversary of the settling of the first of their people in this country.

The first Jews landed in this country in September, 1654, but it was not until the following spring that they were assured that they could remain. Then, April 26, 1655, the Dutch West India Company issued a grant of privilege to the Jews, permitting them to settle. It is the giving of that grant which they celebrate.

It has only been in the last 50 years that the proportion of arriving
